

Dear Members of Eastern International College's Graduating Class:

As you know, graduation is the reward for all the hard work you put in for these many years. Eastern International College (EIC) would like to formally invite you and up to three guests to our College's inaugural graduation commencement ceremony at the Liberty Science Center on Wednesday, June 20th, from 6-10 pm. The Liberty Science Center is located at 222 Jersey City Blvd, Jersey City, NJ. While there will be free parking, the New Jersey Transit light rail system also provides access to the Liberty Science Center.

In addition to your family and friends sharing this memorable cap-and-gown event with you, our College's faculty, staff and administration will be in attendance. We are all very excited to see you and meet those special people who helped to support your academic goals.

The fee for each graduate is \$100.00. This fee includes your cap, gown, tassel, refreshments and cake, free parking and, of course, attendance for up to three guests. **ALL FEES ARE DUE AT THE REGISTRAR'S OFFICE ON EITHER CAMPUS BY FRIDAY, APRIL 20th.** Once we have received your payment (no personal checks, please), you will be able to participate in our College's first graduation ceremony*. You will also be notified when and where to pick-up your cap and gown package from EIC. Please note that cap-and-gowns will not be available for purchase the day of the event. *All graduating attendees must wear the EIC approved cap and gown.* If you have any questions, please contact our Student Life Coordinator via email by [clicking here](#).

I look forward to shaking your hand on stage, delivering your degree from Eastern International College, and meeting your family and friends!

Best Wishes for Continued Success,

Dr. Andrew Scott Ziner, President and ALO
